## About Us

GiftAble is a social enterprise that strives to create an ecosystem of like-minded individuals to collectively build an inclusive society and also help people to improve their Quality of Living by offering Eco-friendly products.

We aim to empower People with Disabilities across several aspects of their life and support them in living with dignity. All our efforts are thus in line with empowering our artisans with disabilities by producing sustainable products.

What makes GiftAble's products unique is that they are handmade, evoking the social aspect without compromising the quality. The results are collections that are stylish yet cater to all categories of people. Our collective responsibility remains the same i.e. to empower artisans with disability and leverage enough profit to help them live a life with dignity.

# Every product has a story to tell....

I'm Meenu, hailing from Uttar Pradesh. Currently, I am a second-year BA student enrolled at Dronacharya Government College. In my family, consisting of my mother, two brothers, and elder sister, my Late father, Lakshmi Prasad, devotedly worked to ensure our education. Following his demise, I joined GiftAble in January, an experience that significantly bolstered my self-assurance while enhancing my communication and time management abilities. The caring mentors and staff at GiftAble played a pivotal role in nurturing my growth. Additionally, I cultivated my sketching skills, receiving recognition on social media and uncovering new prospects. I am forever grateful to GiftAble for this remarkable opportunity.

Kalpana, the eldest among her siblings, made a selfless sacrifice by discontinuing her education at a young age to support her family. However, her life took a transformative turn when she enrolled in a training program focused on creating Bamboo Products. This opportunity provided her with the skills to earn a livelihood. Inspired by her success, her younger brother also participated in the skilling program and began earning independently. Today, both Kalpana and her brother have become the financial pillars of their family, fostering their own independence and becoming providers for their loved ones.
