Fostering Inclusion

About Us

GiftAble is a social enterprise that strives to create an ecosystem of like-minded individuals to collectively build an inclusive society and also help people to improve their Quality of Living by offering Eco-friendly products. We aim to empower People with Disabilities across several aspects of their life and support them in living with dignity. All our efforts are thus in line with empowering our artisans with disabilities by producing sustainable products.

What makes GiftAble's products unique is that they are handmade, evoking the social aspect without compromising the quality. The results are collections that are stylish yet cater to all categories of people. Our collective responsibility remains the same i.e. to empower artisans with disability and leverage enough profit to help them live a life with dignity.

GiftAble collection range embodies positive and simple humane values. In a country, where 70% of the People with Disabilities live in rural parts of the country, where the situation is much worse than the Urban setup. It's an unimaginable struggle. They have to struggle with limited resources, and access to job opportunities is almost an impossible dream.

Every product has a story to tell....

Pankaj Kumar, residing in Sondhi village, Bhojpur district, defies limitations despite a disability in both legs. Driven by a deep-rooted desire to achieve, he completed his studies up to the intermediate level but faced setbacks along the way. Unyielding, Pankaj refuses to let his disability define him, seeking alternative paths to pursue his dreams. His unwavering determination serves as an inspiration to others, reminding them that with resilience and a positive mindset, obstacles can be overcome. Pankaj's story of perseverance motivates and empowers, demonstrating that limitations can be surpassed when one embraces their inner strength.

Sneha is 26 years old and has cerebral palsy with multiple disabilities. She lost her parents when she was 10 years old. Her best friend is Sharon Thomas at the training unit. She is also very good at painting. She is always excited and happy to work on painting pots along with her friend. She chooses her colors and runs a competition among her friends on who will finish fast and perfectly. Even though she cannot walk, her disability did not define her to become the Artist that she is today.
